THE MAKING OF TASTE NIRVANA COCONUT WATER

All coconuts are not created equal. Taste Nirvana uses PREMIUM Nam Hom coconuts, which literally translates to “fragrant water coconut” - and are considered the most delicious and naturally sweet in the world.

We work with the best farmers and crops in Thailand’s most renown coconut region & know how to pick ‘em for optimum natural sweetness and taste.

Harvested at their peak flavor and nutrition (when the water and meat composition are perfectly balanced) and then bottled within hours - this is why Taste Nirvana Real Coconut Water is the ultimate in taste and quality.

SWEET COCONUTS - ALL NATURAL - NO SUGAR ADDED! |
Not from concentrate & no preservatives. **Bottled within hours of harvest - you can taste the difference!**
